

The University of Arizona is proud to present an  
interactive leadership session  
specifically for mining professionals

Presented by the  
Mining Institute for Supervisor Leadership (MISL)

## SUPERVISOR LEADERSHIP WORKSHOP – APRIL 22-24, 2015

Join us and experience leadership  
training designed by mining and safety  
professionals, specifically for the  
mining and resource industry.

### How are we different... what makes us better?

**Hands On**

This unique program focuses on  
hands-on interactive learning.  
You will actually practice your  
new leadership skills.

**From Your  
Industry**

Session leaders are made up of  
experienced safety professionals and  
other leaders from the mining industry  
including coal, metal/non-metal and  
aggregates.

**Mentored**

After the workshop, you will be assigned  
a session leader as a mentor for the next  
6 months to help you continue building  
your leadership skills.

“The Mining Institute for Supervisor Leadership is absolutely outstanding. Each student is assigned a mentor—so the learning and support continue well beyond the classroom. This is the ‘next evolution’ for preparing supervisors to excel in leadership and safety in the mining industry.”

— **Scott “Nemo” Boyes**

Safety Manager  
Salt River Materials Group/  
Phoenix Cement Co

“Today the mining industry faces the most challenging phase on the road to zero fatalities. The Mining Institute for Supervisor Leadership is attempting to address the remaining less tractable issues in safety and health. The structure of this program is designed to empower a new generation of leaders to create more effective approaches to mine safety.”

— **Mark N. Savit**

Mining Litigator  
Jackson Lewis

Cost: **2.5 day MISL program: \$1,795** —  
includes all MISL materials, breakfasts, and lunches.

Dates: **April 22-24, 2015**

Note - April 22<sup>nd</sup> is a half day (starting in the afternoon)

Location: **Tucson, Arizona**
